

**SEMINOLE**

# PROFECTA<sup>TM</sup> 10

- Fixed Formula Pelleted Feed
- Vitamin E & Selenium Yeast
- Fortified with Chelated Minerals
- High Quality Fiber Sources
- Yeast Culture
- Added Lysine

**Guaranteed Analysis**

Crude Protein (min) .....	10.0%
Crude Fat (min) .....	7.0%
Crude Fiber (max) .....	21.0%
Calcium (min) .....	0.65%
Calcium (max) .....	1.20%
Phosphorus (min) .....	0.40%
Lysine (min) .....	0.40%
Zinc (min) .....	120 ppm
Copper (min) .....	40 ppm
Selenium (min) .....	0.40 ppm
Vitamin A (min) .....	6,000 IU/lb
Vitamin E (min) .....	100 IU/lb
Starch (avg.) .....	16.0%

**Ingredients**

Soybean Hulls, Wheat Middlings, Oats, Corn, Soybean Oil, Calcium Carbonate, Yeast Culture, L-Lysine, DL-Methionine, Biotin, Salt, Magnesium Oxide, Manganese Sulfate, Zinc Oxide, Ferrous Sulfate, Copper Sulfate, Calcium Iodate, Cobalt Carbonate, Selenium Yeast, Zinc Proteinate, Manganese Proteinate, Copper Proteinate, Cobalt Proteinate, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Niacin Supplement, D-Calcium Pantothenate, Riboflavin Supplement, Thiamin Mononitrate, Pyridoxine Hydrochloride, Vitamin B12 Supplement, Folic Acid.

### Feeding Directions

Seminole Profecta 10<sup>TM</sup> is a premium pelleted feed designed for mature, active horses and ponies. Start the feeding program using the Feeding Directions for the weight and activity level of the horse. After observing and/or weighing the horse for a period of time, increase or decrease the daily feeding rate to obtain the desired body condition or body weight. Do not feed Seminole Profecta 10<sup>TM</sup> on a free-choice basis. Feed at regular times, with two or more equal feedings per day. Make all feed changes gradually, over a 7-10 day period. Increases in feeding rate should not exceed 1 pound per day for an individual horse. Delay feeding a horse that has been exercised or is exhibiting pain, fever or diarrhea. Seminole Profecta 10<sup>TM</sup> weighs approximately 1.6 pounds per dry US quart. Provide a free-choice horse mineral such as Seminole Grass Balancer 16:8 Mineral on a continuous basis. Provide clean, fresh water at all times.

**FEEDING RATES BASED ON POUNDS OF FEED PER DAY. FEEDING RECOMMENDATIONS ARE BASED ON HORSE WEIGHT AND ACTIVITY LEVEL.**

Mature Body Weight (lbs.)	100-200	200-400	400-600	600-800	800-1000	1000-1200	1200-1400	1400-1600	1600-1800	1800-2000

\*\*For feeding instructions for this category and weight of horse, please contact our nutritionist for further feeding instructions at 800-683-1881, ext. 131 or Nutritionist@SeminoleFeed.com.

- Feed a good quality forage at the rate of 1.5 - 2.0% of the horse's body weight per day.
- For horses who need additional calories for performance, weight gain or coat conditioning, supplement with Seminole Ultra Bloom® or Seminole Rice Bran Oil.
- If you cannot feed the minimum recommended feeding rate, please contact our nutritionist.
- These feeding guidelines are suggestions based on horse weight and activity level, but adjustments may need to be made to achieve desired body condition.
